He Feared Life
Little Conference News
Power in Silence
Gin, Orange Juice, Whiskey

Peace has its troubles. You realize it when Colonel Whitteley, brave leader of the "Lost Battalion," honored by the nation for his courage in war, jumps overboard, a suicide.

It takes one moment of terrific resolution to face cannon or machine gun. It takes one hundred resolutions a day to face the monotony, worry, troubles of ordinary life.

Whitteley, brave man that feared neither pain nor death, went at last to death of his own accord, because he feared life.

What is the conference news? Not much. Japan will not scrap the great battleship Mutsu. You might have guessed that. When asked what she intends to do about her great military forces in Shantung and Manchuria she looks innocent, says nothing. You read yesterday, perhaps, Woodrow Wilson's letter to Mr. Tamm telling how beautifully everything had been arranged. In Shantung, Japan was to use "specie" police only to insure security for traffic. They were to be used for no other purpose. The police force would be composed of Chinese and Japanese instructors appointed by the Chinese government.

Mr. Wilson's interesting letter to Mr. Tamm, written in 1918, also said: "In addition the sovereign rights conceded to China were to be unqualified. All Japanese troops remaining on the peninsula should be withdrawn at the earliest possible time."

When you ask Japan what is the earliest possible time, there is no answer. The real answer would be NEVER.

You realize the pitiful condition of China, when she asks the right to control in her own country the sending of opium through foreign post offices. China is struggling to get rid of opium, as we are trying to get rid of whiskey.

How would this country feel if a dozen other nations had their post offices on our soil and were shipping whiskey and other poisons to the population without consent of our government?

How much power in silence, how much waste in talk? The best line from the Conference was written by Lausanne: "Chinese industry and Japanese science." Every day, says Lausanne, the Chinese have some new and beautiful plan. "But Japan has never anything to say."

And when it is all over Japan will tell us to say will have got what she wants, China little or nothing. Much power in silence.

Mr. Arbuckle's testimony, telling of a party in his room that ended in the death of Virginia Hughes, filled many columns. The essence of it all was in these few words: "An another table was gin, orange juice and Scotch WHISKY."

Everybody drank, everybody danced, and one died. An interesting picture of life under prohibition.

Mrs. Casseville, brought to court because her five children were hungry, dirty and ragged, rejects the suggestion of a surgeon's operation to produce more children, saying: "If I have children it is to the glory of God."

Another lady, head of a mothers' organization, attacks the surgical suggestion, saying: "Those things are all arranged by Providence."

The suggestion of an operation is foolish brutality. But it is hardly fair to blame God for what men and their civilization do. It is not God that manufactures homes below the sidewalk, the rooms without sunlight, poisonous whiskey that breeds poverty and crime, miserable selfishness that swindles workers.

God provides sunshine, air and water free. Man arranges it so that children cannot get the sunshine.

Another effort is made to form "the great union" or labor party. The Knights of Labor tried it long ago, the I. W. W. more recently. The nation already has too great union, known as the United States.

China within that union will continue to speculate. Those that plan the other union join class government, and for a class that doesn't know how to govern because it doesn't know how to stick together.

The class that does understand government is governing now.

"Another new record in bonds." This begins a paragraph in the financial column. This means that municipal and State bonds, paying no tax whatever to the government, are now being sold. Such bonds are the cyclone call in which wealth hides from the tax gatherer.

The increasing prices of bonds and means had never for labor. When money goes into such bonds it goes to the government. It goes to the government. It is dead money hidden from the taxpayer.

The steamship brought more than twenty passengers, including six Americans, most of them oil experts, back from many months in the Burmese oil fields, where battles with the Japanese and the Japanese were commonplace occurrences.

G. P. Scratch, after thirteen months in the Burmese jungle, only thirty-five miles from a city, declared he had not seen a white person in all that time and had heard the English language spoken.

Most of the oil men are bound to use the new Canadian oil fields.

Murphy's Manager Terms Statements About Boston Assessments "Fakes"

Charges that "fakes" are perpetrated night after night by James M. Curley in his campaign for mayor were made today by Attorney Charles H. Morris, manager of the John R. Murphy campaign. Mr. Morris said: "Curley throws a picture on the screen and says to his audience, 'There is the Phillips estate, controlled by Mayor Andrew J. Peters. Assessed for only \$250,000. The assessment lowered by the reform administration while the assessments of the homes of humble widows were being doubled. What do you think of that?'"

"The Phillips estate property is at the corner of Tremont street and Hamilton place. The picture Curley shows is the building at the corner of Tremont and Water streets and is assessed for \$400,000. And as a matter of fact, the Phillips property is divided into three parcels, with a total assessment of \$1,500,000. He shows a picture of the Kidder, Peabody building and exclaims, 'The reform administration also lowered the assessment on this valuable property. What do you think of that?'"

ANOTHER SUI SCIENCE CHURCH

Trustees Appeal to Courts to Be Allowed to Resign Board Positions

A bill in session asking that they be permitted to resign their positions and be relieved of any further responsibility in connection with the trust left by the late Mary Baker Eddy has been filed with the Supreme Judicial Court by the trustees of the Christian Science Publishing Society.

The affairs of the Christian Science Church are by this action again plunged into the tangle of litigation. The bill asks that the court, not the directors, appoint their successors as trustees.

In a statement issued by the trustees, inability to agree with the directors in the method to be pursued in handling the trust over to the new trustees is given as the reason for bringing the matter again into the courts.

The present trustees felt that the inventory of property, the statement being made in the name of a million dollars, and their accounts covering the past year, should be submitted, and examined by the court, and their recommendations be submitted and successors appointed.

The directors were unwilling that this course should be pursued.

The bill also asks that the court examine and approve their accounts. According to the bill in equity, the trustees are as follows: Herbert W. Brown, of Boston, and Paul H. Brown, of New York, Alexander, and Lament, of Philadelphia, and A. de la Roche, of London.

LIQUOR SPOTTER ARRESTED GETTING \$10 A DAY

Fall River, Nov. 29.—Willis C. Coker, employed as a "spotter" by the police department in liquor created quite a sensation in the Court when he admitted that he had received \$10 for every case in which he turned a blind eye. He has many friends in the Fall River police force and is a "professional" role of a "professional".

\$100. Curley neglects to explain that the "poor widow" owns two pieces of property, one of them assessed for more than \$400, and that her son drives his own car.

"Curley shows a remarkable solicitude for a few of the property owners whose assessments have been increased, but he shows no tears for the thousands of tenants whose rents have jumped from 25 to 100 per cent. in the last four years. He makes no protest about his own mansion in Jamaica Way, which is assessed for \$2,500,000, and which could not be replaced for \$400,000.

The reform administration has doubtless defended itself against his malicious insinuations, but he states the real facts in the interest of accuracy, to warn the audiences against his constant misrepresentations, and to show that he has become the small time doctor Cook of Boston politics. The people will put something on his head between 19 and it will not be a laurel wreath."

across the court room, Miss Butler told of the gay dance at Dornbush that she and Eldridge attended on the fateful night.

"Mr. Eldridge and I stayed at the dance until the music stopped and the dance was ended," she stated. "Then we left for my home in Elizabeth street, and we walked down the main highway towards Broadway and had just reached a point opposite the little schoolhouse at the corner of the street when we were met by a man who came running towards us. As we reached the door of the car a man grabbed me and pressed a gun in my face, ordered me to get in the car. He and his two companions compelled Mr. Eldridge to get in the automobile also."

Miss Butler then told how the three men, who she testified were the three men who had been with her on the night of the attack, took her to a cemetery near the Lake street Inn. There she said two of the men left her and Eldridge in the company of George.

DO WOMEN REASON? WE BELIEVE SO. HENCE MR. RADCLIFFE'S STORY BELOW:

A Slovenly Servant Has No Place In Your Home, Madame—

By VERNON RADCLIFFE

If you had a maid servant who was a "surface-cleaner"—swept the dirt out of sight—made things look clean instead of actually cleaning them—she wouldn't remain long in your employ, would she?

Yet there are thousands of women who deceive themselves by employing this same slovenly method on their own complexes!

The Truth About Your Face

Your skin, Madame, is seven layers deep and is penetrated by millions of tiny pores the function of which is to inhale oxygen and exhale the poisonous gases produced by the body. The pores are, in fact, myriads of minute lungs through which the body breathes. If you were to completely close off these tiny openings in your body you would be dead in a few hours!

When the pores become clogged with the dust and grime of modern life the body poisons are sealed under the skin, become flabby and saggy—the very foundation of beauty is ruined. For the same reason, the skin itself becomes filled with impurities and the complexion is bad.

Old treatments Fail

Unscented, old-fashioned massage has made old women younger than age. To parboil your skin with hot water or soap and knead and maul the muscles of your face is bound to be injurious. Moreover, massaging does not remove dirt, foreign substances and impurities from the places where they do the real damage—down below the surface of the skin. Your

beauty specialist will tell you so. Mineralava, Nature's Beauty Clay, originated by Mrs. M. G. Scott and perfected by her through twenty-three years of scientific research and experiment, accomplishes two important results—it tightens sagging muscles and it withdraws impurities from the pores.

Mineralava—Cold Water—Face Finish

Mineralava Beauty Clay is daintily applied with a brush in a semi-liquid form, to the face and neck.

As it dries into a light fragrant mask, it contracts. Its medicinal ingredients penetrate the depths of the pores. You feel it withdraw the impurities. You feel the cleansing, purifying blood tingle through each tiny vein. You feel wrinkles smooth out and flabby skin become firm. Immediately, a blooming youthfulness glows and radiates from the cheeks. Mineralava Face Finish is a necessary skin food and tonic, acts as a mild bleach and forms a perfect base for your face powder. You apply it at the proper time, after the pores are cleaned.

Ask for Mineralava TO-DAY

Go to your druggist or department store to-day and ask for the two bottles—Mineralava Beauty Clay (sufficient for two or three months) and Mineralava Face Finish (sufficient for six to eight months). If your druggist or department store is not yet supplied, fill out the coupon below to Mrs. Scott. You may try Mineralava Beauty Clay at once by enclosing 25c with the coupon for a demonstration tube of two full treatments. So sure is Mrs. Vivanoudou that two trials will make you an enthusiastic as all others who have tried it, that he personally urges you to mail 25c for two full treatments. Thousands have sent us the coupon, and become users—sign yours and send it now.

Answers Modern Needs

Mineralava Beauty Clay is the only way to a good complexion and a smooth, firm skin—the best way—so startling, so revolutionary in idea, so different from any treatment that you have known, that you cannot afford not to know it—to try.

Lasting Beauty of Complexion

Continue this treatment regularly twice a week and we guarantee, whether you are sixteen or sixty, a complexion of enduring freshness—a smooth, firm skin, beauty and youthfulness of contour, the radiant color of healthy childhood, and the defeat of such dread enemies of beauty as blackheads, pimples, enlarged pores, oily or dry skin, and wrinkles.

Can You Answer This Movie Puzzle?

On the Movie Screen above are the names of 10 movie stars rearranged. The Operator played a joke on the audience, and you'll admit it was a good one. To solve the puzzle rearrange the letters in the sentences on the screen so that they will spell each actor's or actress name. For example No. 1 is *Ela Ferguson*. If you can name all ten stars you can win the Dodge or the \$1,000.

Probably you know the names of the Most Popular Stars, but just to refresh your mind we are mentioning below a few of the most famous Movie Players: *Constance Talmadge, Charlie Chaplin, Edna Purviance, Otto Kruger, Blanche Sweet, Elsie Ferguson, Thomas Meighan, Theodore Roberts, Agnes Ayres, Wallace Reid, Tom Moore, Warner Oland, Beverly Bayne, Greta Garbo, and Pearl White.*

185 "Points" Wins First Prize

For each name you arrange correctly you will receive in "Points" toward the Dodge Touring Car or the \$1,000, or you receive 100 "Points" in cash. Second 25 Big Prize. In case of a tie, the winners will receive the same prize. Send in your answer TODAY. As soon as it is received, we will send you a circular telling about the 10 "Superior Features" of the Wallman Self-Filling Fountain Pen FREE, to assist you in qualifying.

Costs Nothing to Try—You Can Win

You will not be asked to buy a Wallman Self-Filling Fountain Pen, nor to spend a penny in order to win. Just write your answer to the Puzzle on one side of a sheet of paper and PRINT your name and address in the upper right hand corner. Do your best and you can win. Answer the Puzzle

 AT \$100 SUMMER STREET

SAVE \$100.

The old trade shortage story is abroad again in the land, that of piano shortage and higher prices before Christmas. But there will be no higher prices on the floor, as we are keeping prices down and refuse to profuse, shortage or no shortage.

My 1921 Christmas Piano Exhibition and Sale surprises in magnitude, beauty and bargains all my previous displays and offerings.

My Big Xmas Cut Price Piano Sale is now on—into it I have put my entire stock of New Pianos marked down to figures that have given me my national reputation for low price piano selling. I am severely criticized for selling pianos at such ridiculously low prices. However, I fail to see how anyone is going to suffer from my low prices but myself, and I intend to continue my policy of big sales and small profits. I have often told the public that I preferred to sell 100 pianos at \$150 profit than to sell one piano at \$100 profit. I will try to show you how to save \$100 on the purchase of any make piano you desire.

"They are really suffering from cumulative constipation"

COUNTLESS numbers of people have a daily elimination of waste matter from the system but this elimination is not thorough and sufficient. They depend on a regular weekly purge to rid their intestines of poisons and they never feel the full vigor and zest that come from perfect health.

This whole problem is so important that a well-known medical journal has published a collection of essays on constipation. All the doctors who wrote these essays emphasize the importance of diet. As one physician puts it, "The diet has the most marked influence upon the normal activity of the bowels."

Scientists have now discovered the simple food that helps restore normal conditions, and cleans the body of accumulating waste matter—just the familiar little cake of Fleischmann's Yeast!

First came the startling discovery that Fleischmann's Yeast richly supplies the essential water-soluble vitamins. The yeast was found that it builds up the body tissues and keeps the body resistant to disease. In addition, because of its freshness (you get it fresh daily) it helps the

intestines in their elimination of poisonous waste matter.

Eat 2 to 3 cakes of Fleischmann's Yeast before or between meals every day. Have it on the table at home and on your desk at the office. Eat it plain, spread on bread or crackers, or dissolved in water, milk or fruit juices. You will like its fresh, distinctive flavor and the clean, wholesome taste it leaves in your mouth.

Fleischmann's Yeast is assimilated just like any other familiar food. Only one precaution: if troubled with gas, dissolve the yeast first in half a cup of very hot water. This does not affect the efficacy of the yeast. Place a standing order with your grocer for Fleischmann's Yeast and get it fresh every day.

Send 4 cents in stamps for the booklet, "The New Importance of Yeast in Diet." So many inquiries are coming in daily for this booklet that it is necessary to use this nominal charge to cover cost of handling and mailing. Address: THE FLEISCHMANN COMPANY, 701 Washington Street, New York City.

FLEISCHMANN'S YEAST IS A FOOD NOT A MEDICINE

Avoid the use of so-called yeast preparations. Many of these contain only a small amount of yeast—as little as one-tenth of a yeast cake—mixed with drugs or medicines. The familiar tin-foil package with the yellow label is the only form in which you can get Fleischmann's Yeast for health. Be sure it's Fleischmann's fresh Yeast. Do not be misled by yeast-substitutes.

BIG BASEBALL BATTLE OVER OLD DRAFT RULE

By JACK VEIOCK

New York, Nov. 26.—The minor league ball player is strong for the draft rule that "blows" him from the smaller circuits to major league teams, where he may earn a six figure salary if he is good enough. And he always has the right to return to his old team if he is not wanted by the major league club.

Says the Newspapers Claim That Restaurant Meals are Coming Down, but They Don't Print This in Greek Papers.

It is different than it used to be. A few years ago you'd see a restaurant with a sign that said "Greek Food". Now you see a sign that says "Greek Food" and the restaurant is a Greek restaurant. The newspapers claim that restaurant meals are coming down, but they don't print this in Greek papers.

THIS is the anniversary of the birth, in 1835, of Samuel Clemens, who, under the pen name of Mark Twain, became one of the greatest humorists of all time. His stories are classics of simplicity and wisdom.

NEXT month the naked-eye planets are all in the morning sky. Although Mercury goes behind the sun, early rises will see Venus, Mars, Jupiter and Saturn strung along west of the sun and rising ahead of it. The sun moves into Sagittarius.
